INDEPENDENT AUDITOR'S REPORT

The Board of Directors
American Autoimmune Related Diseases Association
Clinton Township, Michigan

Opinion

We have audited the accompanying financial statements of American Autoimmune Related Diseases Association (a nonprofit organization) which comprise the statement of financial position as of September 30, 2024, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of American Autoimmune Related Diseases Association and the related entities as of September 30, 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Autoimmune Related Diseases Association and the related entities and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt American Autoimmune Related Diseases Association's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Autoimmune Related Diseases Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Autoimmune Related Diseases Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Gordon Advisors, P.C.

AMERICAN AUTOIMMUNE RELATED DISEASES ASSOCIATION
Notes to the Financial Statements
For the Year Ended September 30, 2024

NOTE

1. Nature of Organization and Summary of Significant Accounting Policies

Nature of Organization – American Autoimmune Related Diseases Association “the Organization” is a nonprofit corporation organized under the laws of the State of Michigan and has been classified under Section 501(c)(3) of the Internal Revenue Code as an organization that is not a private foundation. The Organization was formed for the purpose of eradicating autoimmune diseases, and the physical, emotional, financial, and societal suffering caused by these diseases, through research, education, and supportive services. The Organization’s sources of support and revenue include contributions from corporate entities, the general public, and various fundraising events.

Contribution Revenue – The Organization records revenue when a pledge (contribution) representing an unconditional promise to give is received: absent of such promise, revenue is recognized when the intent to give is collected. Conditional promise to give and indications of intentions to give are reported at fair value at the date the related conditions are substantially met.

Contributions are reported as with donor restrictions support if they are received with donor stipulations that limit the use of the asset, or the economic value embedded in the asset. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the Statement of Activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same period as the contributions are received are reported as without donor restricted contributions in the accompanying Statement of Activities. During the year ended September 30, 2024 the Organization did not receive any contributions from donors that included conditions that precluded immediate recognition.

Concentration of Credit Risk – The Organization primarily deposits cash with major banks within the State of Michigan and at times throughout the year may maintain balances that exceed federally insured limits of \$250,000 per depositor, per insured bank. The Organization had not experienced any losses in such accounts, and management believes the Organization is not exposed to any unusual credit risk on cash and cash equivalents.

Estimates in the Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates. Significant estimates include, but are not limited to, the fair value of in-kind donations.

Cash Equivalents – The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investment – Certificate of Deposit – Certificates of Deposits held for investment by the Organization that are not debt securities with original maturities greater than three months are classified as investments.

AMERICAN AUTOIMMUNE RELATED DISEASES ASSOCIATION
Notes to the Financial Statements
For the Year Ended September 30, 2024

NOTE**1. Nature of Organization and Summary of Significant Accounting Policies (Continued)**

Property and Equipment – Purchased property and equipment are stated at cost. Donated property and equipment is stated at fair value at the date of the gift. Depreciation is computed using straight-line methods over the estimated useful lives of the assets. Maintenance and repairs that do not enhance the value or prolong the useful life of assets are expensed when incurred. It is the Organization’s policy to capitalize property and equipment purchases greater than \$500. Management reviews these assets for impairment whenever events or circumstances indicate that the carrying value may not be recoverable.

Estimated useful lives of property and equipment used in computing depreciation are as follows:

<u>Description</u>	<u>Useful Live</u>
Building	39 years
Furniture and Fixtures	5 years

Classification of Net Assets – The Organization’s net assets are classified as without donor restrictions or with donor restrictions on the presence and characteristics of donor-imposed restrictions limiting the Organization’s ability to use and dispose of contributed assets or the economic benefits embodied in those assets.

- Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purpose by action of the Board of Directors.
- Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions, which may require that the gift principal be maintained permanently by the Organization, or restrictions that expire with the passage of time.

Agency Transactions – From time to time, the Organization may receive donor pledges and contributions that are designated for the benefit of other nonprofit agencies. Such designations are deducted from gross contributions received in the accompanying Statement of Activities, to arrive at net contributions since the Organization does not have variance power over such designated contributions. Any amounts collected under these arrangements but not yet distributed in accordance with donor stipulations are recorded as “Undistributed Donor Designations” in the accompanying Statement of Financial Position.

In-Kind Donated Services – Contributions of donated non-cash assets are recorded at their fair values in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair value in the period received. During the year ended September 30, 2024, the Organization received donated legal services, content hosting, strategic communications and accommodations in the total amount of \$291,386. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization in its mission, but these services do not meet the criteria for recognition as contributed services.

Functional Allocation of Expenses – Indirect costs have been allocated between the various programs and supporting services based on estimates. Although the methods of allocation used are considered appropriate, other methods could be used that would present different results.

AMERICAN AUTOIMMUNE RELATED DISEASES ASSOCIATION
Notes to the Financial Statements
For the Year Ended September 30, 2024

NOTE

1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Income Taxes – The Organization is exempt from federal income tax under Internal Revenue Code Section 501 (C)(3). As a result, no provision for income taxes has been recorded in the accompanying financial statements.

The Organization's continued status as an exempt organization is considered to be a "tax position" in that the Organization must adhere to various requirements in order to remain tax-exempt. In addition, any Organization activities that may subject it to "unrelated business taxable income" are also tax positions. Management has analyzed the Organization's material tax positions as of September 30, 2024 and has determined that no material uncertain tax positions exist that require recognition or disclosure in the accompanying financial statements.

Subsequent Events – The Organization has evaluated events and transactions that occurred through July 30, 2025, which is the date the financial statements were available for issue.

Leases – The Organization has entered into leases for its operating facilities. The Organization determines if an arrangement is a lease at inception. Operating leases are included in the balance sheets as right-of-use (ROU) assets, current liabilities, and long-term liabilities. Building operating leases are included in operating expenses on the statement of operations.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the Organization's obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As the Organization's leases generally do not provide an implicit rate, the Organization uses a risk-free rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made in advance and excludes lease incentives. The Organization's lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The Organization's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

In evaluating contracts to determine if they qualify as a lease, the Organization considers factors such as if the Organization has obtained substantially all of the rights to the underlying asset through exclusivity, if the Organization can direct the use of the asset by making decisions about how and for what purpose the asset will be used, and if the lessor has substantive substitution rights. This evaluation may require significant judgment.

The Organization has elected the available practical expedient that allows non-public companies to make an accounting policy election to use a risk-free rate as the discount rate for all leases where an implicit rate is unknown.

AMERICAN AUTOIMMUNE RELATED DISEASES ASSOCIATION
Notes to the Financial Statements
For the Year Ended September 30, 2024

NOTE**2. Property and Equipment**

Property and equipment consists of the following assets at September 30, 2024:

Furniture and fixtures	\$	74,934
Less: Accumulated depreciation		<u>66,082</u>
Property and Equipment, Net		<u>\$ 8,852</u>

3. Retirement Plan

The Organization maintains a 403(B) defined contribution plan, which covers substantially all employees. The Organization matches 100% of the first 5% of the participant's salary.

4. Concentration

Approximately \$300,000 of net contributions in the Statement of Activities was provided through grants and contributions from one donor.

In-Kind services of approximately \$243,000 was provided by one donor.

5. Donor Restricted Net Assets

Donor restricted net assets consisted of amounts having the following purpose restrictions as of September 30, 2024:

Closing the Equity Gap	\$	27,687
Autoimmune Legislative Action		35,305
Diversity in Clinical Trials		55,000
Federal Education Outreach		25,000
Policy and Political Advocacy		50,000
Hope Journey Walk		15,000
Step Therapy Program		<u>105,716</u>
		<u>\$ 313,708</u>

6. Liquidity Management

The Organization has \$1,336,448 of cash and cash equivalents, \$1,155,053 of certificates of deposit, and \$9,057 in receivables available within one year of the balance sheet date to meet cash needs for general expenditures. Of this amount, \$313,708 is subject to donor restrictions that make them unavailable for general expenditure within one year of the balance sheet date.

The Organization has a goal to maintain enough cash to meet all anticipated normal operating expenses throughout the year. The Organization invests excess liquid assets in savings accounts or certificates of deposit.

AMERICAN AUTOIMMUNE RELATED DISEASES ASSOCIATION
Notes to the Financial Statements
For the Year Ended September 30, 2024

NOTE**7. Leases**

The Organization signed a lease agreement in 2020 for office space. The lease terms are for 62 complete calendar months expiring October 1, 2025, with monthly payments of \$4,307 to \$4,773 with the option to extend twice for up to an additional 72 months.

Total lease expense on these and other short-term leases amounted to approximately \$54,300.

Future lease payments under operating leases are due as follows:

<u>Year Ended</u> <u>December 31,</u>	<u>Amount</u>
2025	\$ 55,767
2026	57,160
2027	58,563
2028	59,956
2029	61,348
Thereafter	<u>197,914</u>
Total future lease payments	490,708
Less: Impact of discount	<u>69,076</u>
Lease liabilities	<u>\$ 421,632</u>

During the year ended September 30, 2024 the Organization had the following cash and non-cash activities associated with leases:

Cash paid for amounts included in the measurement of lease liabilities amounted to approximately \$54,000.

At September 30, 2024, the weighted average of the remaining lease term was 8 years and the weighted average discount utilized was 3.7%.
